FAIRFAX, VIRGINIA 22030

Charles A. Kilpatrick, P.E.
Commissioner

August 10, 2015

Mr. Heflin Carlton V
6115 Antioch Road
Haymarket, VA 20169

Route: Interstate 66 Corridor Improvements
County: Fairfax and Prince William
From: US Route 15 To: I-495
Project: 0066-96A-297, P101
UPC: # 105500

Dear Mr. Carlton:

The Virginia Department of Transportation (VDOT) is studying improvements to Interstate 66 within the limits listed above. The proposed improvements include both roadway improvements and transit elements, including park and ride lots to facilitate ride sharing and bus transit. Additional information about the studies for the improvements can be found at the following web address:
<http://outside.transform66.org/>

Your property has been identified as a potential location for a park and ride lot. This letter is being sent to you pursuant to Section 33.2-1011 of the Code of Virginia. In order to plan improvements to highways and transit services, it is necessary to conduct environmental studies. VDOT employees, its consultants, and/or regulatory agency representatives may need to enter your property to locate physical features, take photographs, and conduct testing, including, but not limited to, surveying, identification of wetlands, identification of historic properties, and soil sampling.

These studies do not mean that transportation improvements on your property are imminent or that a decision on the improvements has been made. The studies are being conducted for the purpose of gathering data and determining the feasibility and impacts of transportation improvements.

We anticipate conducting work on your property between August 24, 2015 and November 23, 2015. Should there be any need to further access your property after that for study purposes, we will contact you again either in person or by mail.

If you have any concerns regarding our entry on your property, please notify me at the address above, call me at 703-259-1215, or email me at john.muse@vdot.virginia.gov.

Sincerely,

John Muse
District Environmental Manager
