Dear Mr. Beale,

I'm writing regarding the Manassas City Council meeting held on Monday, June 15, 2026. While approximately 15 minutes of the meeting appear to be posted on the city website, I would like to obtain a complete audio recording (or video, if available) so we can accurately review and report on the full discussion.

Could you please confirm whether the meeting lasted longer than 15 minutes and if there is additional content that has not yet been posted online? If so, I would greatly appreciate it if you could send over the full audio file at your earliest convenience.

Thank you in advance for your assistance with this public records request. Please let me know if you need any additional information from me.

Good afternoon Uriah,

Here is the link to the [full video](#) of the Work Session which is 30 minutes long. The meeting did end with a closed session. The full agenda packet is also [available](#) online.

If you experience this issue in the future be advised that all recordings may have a two-business day processing turnaround.

Let me know if you need anything else.

Kind regards,

**Jeremy Beale** | *Public Affairs Manager – FOIA Officer*

**City of Manassas** | *City Manager's Office*

**Address:** 9027 Center St. Manassas, Va. 20110
